dominion at the meeting.

AROUND THE CITY

Mrs. Shaw, of the Chicago Military Police, has gone East to attend the fall military opening. She will visit all the principal cities while away.

With the near approach of school days soon more Dr. Wankel, medical officer of health, is being kept very busy vaccinating all kinds and classes of children. They are coming to his office in the city block by the score.

Following the recommendation of the city council, the construction of the new stores and work houses here be proceeded with, the city commissioners have issued instructions to O. J. Klinger and other contractors to continue with the work.

A collision took place between a motor car, No. 1432, driven by H. H. McIntosh, and a team of horses, about 7 p.m. yesterday, at the corner of First street and Howard avenue. It

was not a serious affair, and the driver of the rig, Joseph Glatkowski, drove the team to the turn on Fifth street, where they were turned back to the west.

The city commissioners have approved a recommendation of Superintendent Woodroffe that the discolored crossings over the C.P.R. tracks on White avenue be replaced at once with solid masonry structures. It appears that the present bridge structures are worn out and are posing danger. The order was placed by the city council and it will be in effect just as soon as it reaches the city.

ENGLISH LAWYER EMPLOYED. Mr. R. Carr, an English lawyer, will arrive in Edmonton today with the intention of practicing in this city. Mr. Carr has had ten years' experience with a law firm in Yorkshire, England, of which he was one of the

partners. Mr. Carr is a personal friend of Mr. H. K. Boyd, assistant city solicitor, and will take up his residence with him for a time.

HE WANTS A WIFE

"Wanted—A Wife." Is the signature of a family scandal, whose name and address are known to the police. Not in a joking way, but through the fact that he is willing to leave to the police, seeing them to his home, of course, without a home who would like to receive his intended. The police have been told that he is a man of means and that he will furnish a comfortable home.

PROCEED WITH LIGHT SCHEME. Mayor Shaw and the city commissioners are of the opinion that the work of installing incandescent lighting should be proceeded with at First street and Sumner avenue, just as soon as the city completes arrangements for the necessary purchase of the necessary material. The commission always feel that while there are other things to be done, the city should not neglect the lighting of the city.

At the advanced age of 82, Ludwig Meyer died Wednesday at 412 Johnson street. The funeral takes place at half past two o'clock in the afternoon from Andrews' undertaking parlors to the Edmonton cemetery.

The death of Alexander T. Hallgren, the eleven months' old child of J. Hallgren, 529 Pine avenue, occurred Tuesday. The funeral takes place at half past two o'clock in the afternoon from the family residence to the Edmonton cemetery.

Berlander Othman, the seven months' old child of Thomas Othman, Leggett street died Wednesday. The funeral takes place at ten o'clock on Friday morning from the family residence to the Edmonton cemetery.

The late Helen McCallum, 19 years of age, whose funeral took place on Monday, had been visiting her mother, Mrs. J. B. McCallum, 2788 Jasper street. She leaves to mourn her loss her father, mother, two sisters and four brothers, Renfrew, Shire, Scotland.

ASSESSMENT APPEALS. Appeals on assessment carried from the city council to the district court were heard before Judge Crawford Tuesday. The two largest appeals, those entered by the Canadian Northern railway, represented by S. H. Woods, and by the Canadian Pacific railway, represented by John Hagill, were not brought to a conclusion. Judge Crawford instructing the solicitors to submit written argument.

The appeal of McKenzie and Mann, also represented by S. H. Woods, was not allowed, the original assessment being confirmed. The same thing happened in the appeal of the Estate of C. C. Rutherford acting as executor. City Clerk Cox acted as clerk of the court, and City Solicitor Brown and City Assessor Walker were present in the interests of the city.

During the session complaints were shewn on Andrew Carnegie and his fellow workers, T. J. Auer, minister of state, and delegate to the Edinburgh to the first and second Hague peace conference, who died on July 29.

Paraguay Canal Dispute. The congress adopted a resolution that the difference between the United States and Great Britain regarding the Panama canal act should be referred to the Hague court of arbitration.

In his presidential address Professor De Loutch referred to the United States as the foremost nation in the peace movement. He said that while the east was shrouded in darkness, the star of hope was ever brightening in the west.

Professor Guille, in moving his resolution, severely blamed Germany for the last increase in armaments in Europe. He said there would have been no war if Germany had not increased its armaments.

Scotland Yard rounds up gang of crooks. London, Aug. 21.—A notorious gang of international crooks, known to the secret service bureau of half a dozen governments, were taken into custody yesterday. Papers found in their quarters, it is reported, indicate that they were planning an attempt to rob the bank of England, the most powerful institution in the world.

Scotland Yard detectives learned some time ago that the crooks had rented a house in a quiet residential neighborhood, a fashionable part of the West End, and one owned by a well known American millionaire. A raid was made early today and all the members of the gang were captured.

On the charge of possessing opium, Charles Taylor was brought up at the police court yesterday morning. Taylor had been arrested by Detective Barker and Meacham.

A few dozens of laughter were inspired to the proceedings by the appearance of Mary Gray, an Irish woman, with a shawl on.

"And why do ye chase instead of chasing the burglar come running after an old woman like me?" she asked, as she stood in the witness box, shaking her fist at the police, who had been charged with vagrancy, but she denied it.

Mary Gray was also being assisted by the proceedings by the appearance of Mary Gray, an Irish woman, with a shawl on.

OBITUARY. The death occurred yesterday of the late Mrs. J. B. McCallum, 19 years of age, whose funeral took place on Monday, had been visiting her mother, Mrs. J. B. McCallum, 2788 Jasper street. PEACE CONGRESS STILL URGES DISARMAMENT

Resolutions Calling for Gradual Disarmament, Protesting Against the Possibility of a World War, and Urging the Disarmament of Armaments Industries Are Passed at Opening Session.

The Hague, Aug. 20.—The third work of the twentieth universal peace conference at its opening session here today was the adoption of three resolutions dealing with disarmament. The first contained a request that the question of the restriction of armaments be included in the program of the next year's conference. The second protested against the sinister influence of persons interested in armaments industries; the third recommended the consideration by peace societies of a draft of an agreement for gradual disarmament.

Prof. Guille, of the University of Munich, proposed the resolution in order that the next conference be in a position to discuss the subject with full information at hand.

Two Not Incompatible. Prof. De Loutch, of Utrecht, was elected president of the congress. In his inaugural address the president opened the idea of a supranational organization for the purpose of bringing about peace. He contended that would only be accomplished by the development of international law with absolute independence for individuals. Internationalism and patriotism were not incompatible, Prof. De Loutch thought, incompatible.

Other speakers claimed that, in spite of recent events in the Balkans, the idea of universal peace clearly was impracticable.

During the session complaints were shewn on Andrew Carnegie and his fellow workers, T. J. Auer, minister of state, and delegate to the Edinburgh to the first and second Hague peace conference, who died on July 29.

Paraguay Canal Dispute. The congress adopted a resolution that the difference between the United States and Great Britain regarding the Panama canal act should be referred to the Hague court of arbitration.

In his presidential address Professor De Loutch referred to the United States as the foremost nation in the peace movement. He said that while the east was shrouded in darkness, the star of hope was ever brightening in the west.

Professor Guille, in moving his resolution, severely blamed Germany for the last increase in armaments in Europe. He said there would have been no war if Germany had not increased its armaments.

Scotland Yard rounds up gang of crooks. London, Aug. 21.—A notorious gang of international crooks, known to the secret service bureau of half a dozen governments, were taken into custody yesterday.
